

Individual Reflections

What do I want to learn or understand better?

I want to learn more about sound effects and saving the data of the game .

How can I help someone else, or the entire team, to learn something new?

I will always be there for my team if they want any help in something that I can , and by trying to improve myself and learning more ,I can be more useful to them .

What is my contribution towards the team's use of Scrum?.

I was part of planning the sprint and writing user stories , tasks , descriptions and everything that the team did .

What is my contribution towards the team's deliveries?

This sprint I was responsible for population function, to create it and control the conditions for its improving and disimproving , also by implementing settlement function .
